

Zagat Rated Restaurants = Delicious Dining Deals

Few restaurants achieve the high standards necessary to be listed on The Zagat Survey®, which not only rates quality of food, but also service, décor and cost. The Access network features many Zagat rated restaurants, and each sure to satisfy even the most distinguished palate. Here are some examples of the best places to dine and save in cities across America.

Gallagher's Steak House has been serving up New York's best steaks since 1927, and is best identified for its signature, dry-aged meat cooked on a hickory coal grill. Their steaks need no additions (like clarified butter) to deliver what they call their "tender, silky steaks." Access members enjoy a free dessert with their entrée.

In Chicago, **Zest** features world-accented contemporary American cuisine and original adaptations of regional favorites. Located at the top of the Intercontinental Hotel, patrons enjoy a stunning view with an equally stunning menu. Access members receive a 20% discount off their food items.

George's on 5th is located in the historic Gas Lamp Quarter in San Diego, and was voted "Best of the Best" steak houses in Southern California. Serving only hand-selected, center-cut and aged prime certified Angus beef, George's also offers world-class entertainment while you dine. Access members receive a free dessert with their entrée.
